- ✓ Favourite Markets
- ✓ Depth Chart
- ✓ Trading Panel
- ✓ Market choice

NO SEPARATE TRADING ACCOUNTS

Wallets are the trading accounts at the same time. No need for internal transfers.

DYNAMIC MARGIN REQUIREMENTS

The growth in value of basic currency will lower initial margin requirements and vice versa.

DYNAMIC LEVERAGE

Leverage is set up before placing any trade. Leverage step and margin impact functions are fully customizable. Active orders can be closed partially.

AVAILABLE ORDER TYPES

- ✓ Market
- ✓ Stop
- ✓ Limit
- ✓ DAY
- ✓ GTC

ADVANCED RISK MANAGEMENT TOOLS

C-book function. Set up percentage of A-book and B-book execution per instrument and per trader.

Unique markups, commissions, swaps, spreads etc. per client or per trading instrument are **available on the fly**. Server restart is not required
